THE BOTTLING

The 2023 Estate Pinot Noir is Jesse's "Desert Island Wine"—the one wine he would choose above all others. Sourced from our three premium Dundee Hills vineyards, this wine represents the top 10% of our Estate Pinot barrels, with only the best 24 barrels chosen for this blend. This Estate Pinot Noir is our most complex, nuanced, and meticulously crafted wine, a true expression of Lange Estate's dedication to excellence.

Combined, our estate totals 60 acres under vine and comprise more than 80 individual vineyard blocks. Planting began in 1988 with Pommard and Wädenswil. Today, the oldest vines in the vineyard are now reaching their zenith at 34+ years of age, and they express terroir-driven power and finesse.

THE VINTAGE

"After a slow start, the 2023 vintage came on strong after bud break in April. Temperatures in the upper 80's in May super charged growth and mid-June brought rainstorms to the valley, giving the soil an ample water charge. This would prove to be the last rainfall for a few months, and July and August both provided ideal conditions for farming.

The forecast was for gorgeous fall weather for all of September. We had time to feel well prepared, and the general feeling was one of relative breeziness. On our Estate, we picked our Estate Rose of Pinot Noir on September 8th, along with some earlier ripening, Dijon-clone Estate Chardonnay. By the afternoon of September 24th the growing season was over, just in time to miss some significant rains that came in.

Our Pinot Noirs from this vintage are dark, intense and precocious, with ripe aromas and supple tannins. They should drink extremely well upon release." —Jesse Lange

TASTING NOTES

Marachino cherry, cocoa, white pepper, light tobacco, dark cherry and blue fruit. Fine tannins smooth out quickly and elegantly. Round vibrant mouthfeel, spice box, aromatic on the finish with mineral tones
